

# RASGEFANNU

*development*

# ENTRANCE

- Welcoming gateway that marks the start of the beach experience.
- Designed with a simple, natural aesthetic reflecting the island's character.
- Creates a first impression that is inviting and photo-worthy.

# PHOTO SPOTS

- Designated areas for visitors to capture scenic memories with the beach and ocean as the backdrop.
- Designed using natural materials that blend with the environment.

# SEATING / LOUNGE

- Comfortable spaces for visitors to relax and enjoy ocean views.
- Includes shaded seating.
- Blends with the natural landscape, maintaining a peaceful beach atmosphere.

# BEACH CAFE / TUCK SHOP

- Small café or snack kiosk
- Operated by local vendors to support community businesses.
- Designed with open, eco-friendly materials
- Provides shaded seating

# PLAY AREA

- A safe play area for children
- A turfed space for community games (volleyball, futsal, or other recreational activities)

# SHOWER AREA / TOILET

# PICNIC CORNERS

- Designated areas for safe outdoor grilling and cooking
- Equipped with durable, weather-resistant grills and seating

# FISHING PLATFORMS

- Safe, stable, easily accessible areas for recreational fishing

# BEACH LIBRARY BOOTH

- Small, shaded booth offering books and reading materials.
- Designed with durable, weather-resistant materials and easy access
- Can feature local literature, marine guides, and children's storybooks.

# EVENT AREA

- Open space for community gatherings, performances, and beach events.
- Flexible layout suitable for small events, workshops, or cultural activities.
